## Storm Data and Unusual Weather Phenomena

October 2001

Location	Date	Time Local/ Standard	Path Length (Miles)	Path Width (Yards)	Number of Persons		Estimated Damage	Character of Storm	
					Killed	Injured	Property	Crops	
<b><u>ILLINOIS, South</u></b>									
<b>Williamson County</b> 10 W Marion	13	1245CST			0	0	3K		<b>Thunderstorm Wind (G52)</b>
									Along the Jackson County border, several power poles and trees were blown down. The strong winds were caused by showers or thunderstorms enhancing gradient winds of around 30 mph.
<b>Pulaski County</b> Countywide	13	1615CST 1700CST			0	0			<b>Urban/Sml Stream Fld</b>
									An extended period of showers and thunderstorms caused minor flooding of some roadways. Problem spots were on Illinois Routes 37 and 169. The roads remained passable.
<b>Johnson County</b> 5 NW Goreville	23	1200CST			0	0			<b>Hail (0.75)</b>
<b>White County</b> Carmi to 2 S Carmi	23	1545CST 1645CST			0	0			<b>Urban/Sml Stream Fld</b>
									Thunderstorms produced very heavy rainfall. South of Carmi, Route 1 was covered with water but passable. Standing water was observed in many low-lying areas.
<b>Jackson County</b> Vergennes to Dowell	24	1347CST 1402CST			0	2	50K		<b>Thunderstorm Wind (G61)</b>
									At Vergennes, a camper was blown over on Route 127, injuring two occupants. At Dowell, trees and tree limbs were blown down, some of which landed on houses and vehicles. Near Elkhart, a mobile home was reportedly overturned, and at least one barn was destroyed. A few utility poles were snapped.
<b>Perry County</b> 1.5 N Willisville	24	1400CST			0	0			<b>Thunderstorm Wind (G50)</b>
									Several trees were blown down on Route 4.
<b>Jefferson County</b> Countywide	24	1405CST 1420CST			0	0	20K		<b>Thunderstorm Wind (G52)</b>
									Numerous trees were blown down. Some trees fell on houses, barns, roads, and power lines. Hardest hit areas appeared to be in and around Mount Vernon and areas to the east of there. Winds peeled off a section of roof at the Eagles Lodge.
<b>Franklin County</b> Benton to 4 E Benton	24	1410CST 1415CST			0	1	75K		<b>Thunderstorm Wind (G70)</b>
									Straight-line thunderstorm winds uprooted or snapped numerous trees. A porch was blown away. Four sheds in Benton were heavily damaged or destroyed. A pole barn was destroyed about 4 miles east of Benton. A young man was injured when a tree limb fell on the back of his neck. He was treated and released by a local hospital. The Leisure Lane area was hardest hit, where a house was heavily damaged and barns were destroyed.
<b>Jackson County</b> Murphysboro to Carbondale	24	1420CST 1430CST			0	0	25K		<b>Thunderstorm Wind (G52)</b>
									Several trees were blown down in Carbondale. One of the largest trees landed on a house and two cars, damaging the house's roof and front porch. In rural areas outside Carbondale, a pole barn was destroyed. Some uprooted trees were also reported in Murphysboro.

## Storm Data and Unusual Weather Phenomena

October 2001

Location	Date	Time Local/ Standard	Path Length (Miles)	Path Width (Yards)	Number of Persons Killed	Number of Persons Injured	Estimated Damage Property	Estimated Damage Crops	Character of Storm
<b><u>ILLINOIS, South</u></b>									
<b>Williamson County</b> 2 N Johnston City	24	1440CST			0	0			Thunderstorm Wind (G50)
Several trees were blown down.									
<b>Saline County</b> Harco to Harrisburg	24	1440CST			0	0	2K		Thunderstorm Wind (G50)
A couple of trees and one power pole was blown down.									
<b>Alexander County</b> Tamms to Miller City	24	1445CST			0	0	25K		Thunderstorm Wind (G52)
In Miller City, sheds were blown down, and there was minor damage to roofs. In Tamms, there were some trees and wires down. A tree fell on a house in Urbandale.									
<b>White County</b> Centerville to Grayville	24	1445CST 1500CST			0	2	200K		Thunderstorm Wind (G61)
Damaging straight-line winds raked northern White County, downing trees and power lines, and destroying at least one pole barn. On County Road 800 East, a school bus was stopped when it was caught between fallen trees. A number of semi-tractor trailers and cars were blown off Interstate 64 about 6 miles west of Grayville. The driver of one of the semis was treated at a local hospital for minor injuries. A second person was injured on Interstate 64, but no details were available. South of Burnt Prairie, several hogs were killed when a silo blew over and crashed into a hog barn. Roofs were blown off several buildings at a fertilizer plant near Burnt Prairie. A number of residences around Centerville were damaged, mainly by downed trees and limbs. Trees and limbs were downed in Crossville and Grayville, including one that fell on a home in Crossville. Several power lines were down in Carmi, and at least two poles were broken.									
<b>Hamilton County</b> Countywide	24	1450CST 1505CST			0	0	50K		Thunderstorm Wind (G52)
Widespread straight-line winds around 60 MPH raked most of the county. Wind equipment at an elementary school in Mcleansboro measured 60 MPH winds. Numerous trees and power lines were blown down. Some trees hit houses, blocked roads, and fell on power lines. Light poles were down in Blairsville. Near the community of Bungay, a home under construction was destroyed, and sheds were destroyed.									
<b>Wabash County</b> Countywide	24	1455CST 1508CST			0	1	50K		Thunderstorm Wind (G61) <sup>M</sup>
A line of thunderstorms produced strong winds across the county. Mount Carmel's public utility lost about 15 poles, six of which were steel. A semi-tractor trailer rig was blown over on Illinois Route 1 at Keensburg. A trailer home was blown about 30 feet. Although the trailer was heavily damaged or destroyed, nobody was injured. At the Mount Carmel Municipal Airport, the highest recorded wind gust was 70 MPH, which occurred at 4:02 P.M. CDT. In Mount Carmel, a youth was injured when a tree fell and landed on a vehicle. Southwest of Mount Carmel, a grain bin and storage sheds were heavily damaged. West of Mount Carmel, a barn was unroofed. A three-car garage was destroyed.									
<b>Pulaski County</b> Mounds	24	1455CST			0	0	8K		Thunderstorm Wind (G52)
Wind damage occurred to grain bins and farm equipment.

## Storm Data and Unusual Weather Phenomena

October 2001

Location	Date	Time Local/ Standard	Path Length (Miles)	Path Width (Yards)	Number of Persons Killed	Number of Persons Injured	Estimated Damage Property	Estimated Damage Crops	Character of Storm
----------	------	----------------------------	---------------------------	--------------------------	--------------------------------	---------------------------------	---------------------------------	------------------------------	--------------------

### ILLINOIS, South

#### Johnson County Countywide

24	1500CST 1515CST				0	0	10K		Thunderstorm Wind (G50)
----	--------------------	--	--	--	---	---	-----	--	-------------------------

Trees were blown down across the county. There was structural damage to a barn near Simpson.

#### Pope County Countywide

24	1500CST 1515CST				0	0	3K		Thunderstorm Wind (G50)
----	--------------------	--	--	--	---	---	----	--	-------------------------

Trees and power lines were down.

#### Gallatin County Omaha

24	1520CST				0	0	10K		Thunderstorm Wind (G52)
----	---------	--	--	--	---	---	-----	--	-------------------------

Roofs and barns were damaged in the northern part of the county, near Omaha.

#### Massac County Countywide

24	1520CST 1535CST				0	0	10K		Thunderstorm Wind (G50)
----	--------------------	--	--	--	---	---	-----	--	-------------------------

Trees were down across the county, including some which fell across roads. Near Joppa, a roof was blown off a barn, and utility poles were snapped. Roads were cleared of trees within 6 hours.

#### Pope County 1 S Bay City

24	1525CST				0	0	20K		Thunderstorm Wind
----	---------	--	--	--	---	---	-----	--	-------------------

A mobile home was overturned and destroyed.

#### Hardin County Countywide

24	1545CST				0	0	4K		Thunderstorm Wind (G52)
----	---------	--	--	--	---	---	----	--	-------------------------

Numerous trees and power lines were blown down.

### INDIANA, Southwest

#### Posey County Mt Vernon

23	1234CST				0	0	2K		Thunderstorm Wind (G50)
----	---------	--	--	--	---	---	----	--	-------------------------

Large branches were blown down, blocking roads.

#### Vanderburgh County Evansville

23	1245CST				0	0	3K		Thunderstorm Wind (G50)
----	---------	--	--	--	---	---	----	--	-------------------------

A few trees and wires were down on the east side of Evansville. The trees were 6 to 8 inches in diameter.

#### Vanderburgh County Evansville

23	1330CST 1445CST				0	0			Urban/Sml Stream Fld
----	--------------------	--	--	--	---	---	--	--	----------------------

A series of thunderstorms produced heavy rainfall, which caused flooding of a poor-drainage area on the Lloyd Expressway in Evansville. Following the first storm, the highway was impassable just east of Highway 41. During the second storm, over two feet of water was over the highway. Rainfall rates at the Evansville Airport peaked at one half inch in 15 minutes

#### Warrick County Boonville to 4 SE Boonville

23	1415CST 1422CST				0	0			Hail (0.75)
----	--------------------	--	--	--	---	---	--	--	-------------

Dime size hail was reported from Boonville to the Spencer County line, several miles southeast of Boonville.

## Storm Data and Unusual Weather Phenomena

October 2001

Location	Date	Time Local/ Standard	Path Length (Miles)	Path Width (Yards)	Number of Persons Killed	Injured	Estimated Damage Property	Crops	Character of Storm
----------	------	----------------------------	---------------------------	--------------------------	--------------------------------	---------	---------------------------------	-------	--------------------

### INDIANA, Southwest

#### Warrick County

1 S Chandler	23	1415CST			0	0			Thunderstorm Wind (G50)
--------------	----	---------	--	--	---	---	--	--	-------------------------

Several trees were down between Chandler and Paradise.

#### Gibson County

2 N Ft Branch	24	0010CST			0	0	2K		Thunderstorm Wind (G50)
---------------	----	---------	--	--	---	---	----	--	-------------------------

A billboard was blown down along U.S. Highway 41.

#### Gibson County

East Mt Carmel to 1 SE Hazleton	24	1515CST 1530CST			0	1	50K		Thunderstorm Wind (G63)
------------------------------------	----	--------------------	--	--	---	---	-----	--	-------------------------

Straight-line winds from 70 to 75 MPH caused extensive damage in northern Gibson County. The first town affected was East Mt. Carmel, which is across the Wabash River from Mt. Carmel, Illinois. A modular home was heavily damaged or destroyed, and two others were damaged by falling trees. An occupant of a modular home was injured. Near East Mt. Carmel, two high tension towers were destroyed. The next hard-hit area was near Hazleton, where four large barns were destroyed, and a large pole barn was heavily damaged. Several houses had trees on them. Highway 56 was closed just east of Hazleton, where 10 to 12 trees were down.

#### Posey County

Poseyville	24	1530CST			0	0			Thunderstorm Wind (G50)
------------	----	---------	--	--	---	---	--	--	-------------------------

Trees were blown down in northeast parts of the county.

#### Pike County

Petersburg	24	1535CST	0.3	40	0	0	70K		Tornado (F0)
------------	----	---------	-----	----	---	---	-----	--	--------------

A weak tornado briefly touched down in Petersburg, with peak winds to 75 MPH. Two houses were unroofed, and their windows were blown out. Two car windshields were shattered by blowing debris. Metal siding was deposited in power lines. The walls of two businesses were knocked down or cracked. The damage area was mainly from 4th Street to 7th Street on the north side of Highway 57.

#### Warrick County

Countywide	24	1545CST 1600CST			0	0	8K		Thunderstorm Wind (G50)
------------	----	--------------------	--	--	---	---	----	--	-------------------------

Power poles were blown down west and south of Boonville. Trees were down in Selvin, south of Chandler, and north of Newburgh

#### Vanderburgh County

Evansville	24	1548CST			0	0	3K		Thunderstorm Wind (G50)
------------	----	---------	--	--	---	---	----	--	-------------------------

A couple of trees were blown down in the county. One tree fell through a house on the east side of Evansville

#### Spencer County

Countywide	24	1620CST			0	0	10K		Thunderstorm Wind (G52)
------------	----	---------	--	--	---	---	-----	--	-------------------------

Numerous trees were blown down countywide. A snapped power pole blocked U.S. Highway 231. A tree fell on a van on Highway 325 North.

#### INZ085

Posey	28 31	1300CST 2359CST			0	0			Flood
-------	----------	--------------------	--	--	---	---	--	--	-------

The Wabash River rose above flood stage at New Harmony due to heavy rain around the middle of the month and again around the 24th. Through month's end, flooding was minor, with mainly agricultural lowland affected. The river was still creeping slowly upward at month's end.

## Storm Data and Unusual Weather Phenomena

October 2001

Location	Date	Time Local/ Standard	Path Length (Miles)	Path Width (Yards)	Number of Persons Killed	Injured	Estimated Damage Property	Crops	Character of Storm
----------	------	----------------------------	---------------------------	--------------------------	--------------------------------	---------	---------------------------------	-------	--------------------

### KENTUCKY, Southwest

#### Todd County

<b>Sharon Grove to 5 NE Trenton</b>	<b>05</b>	<b>1430CST 1435CST</b>			<b>0</b>	<b>0</b>	<b>5K</b>		<b>Thunderstorm Wind (G52)</b>
---	-----------	----------------------------	--	--	----------	----------	-----------	--	--------------------------------

At Sharon Grove, a barn was destroyed, and the roof of a house was damaged. Near Trenton, trees were down along Highway 104.

#### Daviess County

<b>Maceo</b>	<b>24</b>	<b>0122CST</b>			<b>0</b>	<b>0</b>	<b>4K</b>		<b>Thunderstorm Wind</b>
--------------	-----------	----------------	--	--	----------	----------	-----------	--	--------------------------

Trees were blown down, and a mobile home was damaged.

#### Ballard County

<b>1 N Kevil</b>	<b>24</b>	<b>1510CST</b>			<b>0</b>	<b>2</b>	<b>25K</b>		<b>Thunderstorm Wind (G74)</b>
------------------	-----------	----------------	--	--	----------	----------	------------	--	--------------------------------

At a trailer park near Kevil, a mobile home was overturned, and another was turned on its side. Several other mobile homes received minor damage, such as underpinning blown away or small trees landing on roofs. Two persons in the overturned mobile home were injured. Both injured persons were treated and released by a local hospital. A National Weather Service on-site survey determined the damage was caused by straight-line winds of 80 to 90 MPH. Elsewhere in the county, a few trees were down and metal roofing was blown off barns.

#### Mccracken County

<b>West Paducah</b>	<b>24</b>	<b>1520CST</b>			<b>0</b>	<b>0</b>	<b>2K</b>		<b>Thunderstorm Wind (G50)</b>
---------------------	-----------	----------------	--	--	----------	----------	-----------	--	--------------------------------

Five tree tops, up to 20 inches in diameter, were blown down. Along the Ballard County line, a 40-foot television tower and a tree limb fell on a roof, causing minor damage.

#### Crittenden County

<b>Countywide</b>	<b>24</b>	<b>1530CST</b>			<b>0</b>	<b>0</b>			<b>Thunderstorm Wind (G52)</b>
-------------------	-----------	----------------	--	--	----------	----------	--	--	--------------------------------

Trees were down at scattered locations across the county.

#### Union County

<b>Morganfield</b>	<b>24</b>	<b>1545CST</b>			<b>0</b>	<b>0</b>	<b>20K</b>		<b>Thunderstorm Wind (G52)</b>
--------------------	-----------	----------------	--	--	----------	----------	------------	--	--------------------------------

A carport was ripped off a house and wrapped around a tree. A tree fell on a car and on a house in Morganfield.

#### Marshall County

<b>Countywide</b>	<b>24</b>	<b>1545CST</b>			<b>0</b>	<b>0</b>			<b>Thunderstorm Wind (G50)</b>
-------------------	-----------	----------------	--	--	----------	----------	--	--	--------------------------------

Several trees were down.

#### Fulton County

<b>Countywide</b>	<b>24</b>	<b>1545CST</b>			<b>0</b>	<b>0</b>			<b>Thunderstorm Wind (G50)</b>
-------------------	-----------	----------------	--	--	----------	----------	--	--	--------------------------------

Trees were blown down on at least 5 highways across the county.

#### Livingston County

<b>Tiline</b>	<b>24</b>	<b>1550CST</b>			<b>0</b>	<b>0</b>	<b>4K</b>		<b>Thunderstorm Wind (G50)</b>
---------------	-----------	----------------	--	--	----------	----------	-----------	--	--------------------------------

Structural damage occurred to a mobile home.

#### Hickman County

<b>Clinton</b>	<b>24</b>	<b>1552CST</b>			<b>0</b>	<b>0</b>	<b>8K</b>		<b>Thunderstorm Wind (G52)</b>
----------------	-----------	----------------	--	--	----------	----------	-----------	--	--------------------------------

A vacant mobile home was blown across a field and demolished. A mobile home and an outbuilding were damaged on County Road 703.

#### Carlisle County

<b>Countywide</b>	<b>24</b>	<b>1554CST</b>			<b>0</b>	<b>0</b>			<b>Thunderstorm Wind (G52)</b>
-------------------	-----------	----------------	--	--	----------	----------	--	--	--------------------------------

Trees were down across the county.

### KENTUCKY, Southwest

#### Trigg County

Canton to Cadiz	24	1649CST			0	0	8K		Thunderstorm Wind (G52)
--------------------	----	---------	--	--	---	---	----	--	-------------------------

Trees were blown down at Canton and in Cadiz. Power poles were blown down 4 miles south of Cadiz. One pole landed in front of a vehicle, causing the driver to swerve and lose control. The driver received only minor injuries.

#### Daviess County

Thurston to Whitesville	24	1650CST			0	0	25K		Thunderstorm Wind (G60)
----------------------------	----	---------	--	--	---	---	-----	--	-------------------------

About a mile north of Thurston, two homes were partially unroofed, and numerous trees were blown down. A few power poles were blown over. Minor damage to homes and carports occurred just northeast of Thurston, consisting mainly of siding blown off.

#### Christian County

Hopkinsville to Oak Grove	24	1700CST			0	0	10K		Thunderstorm Wind
------------------------------	----	---------	--	--	---	---	-----	--	-------------------

In Hopkinsville, a roof was blown off a warehouse. Trees were blown down at Oak Grove and Hopkinsville.

#### Muhlenberg County

Greenville to Drakesboro	24	1710CST			0	0			Thunderstorm Wind (G50)
-----------------------------	----	---------	--	--	---	---	--	--	-------------------------

Trees were blown down.

#### Todd County

Elkton	24	1738CST			0	0			Hail (0.75)
--------	----	---------	--	--	---	---	--	--	-------------

### MISSOURI, Southeast

#### Bollinger County

Scopus	23	1115CST			0	0			Hail (1.00)
--------	----	---------	--	--	---	---	--	--	-------------

Quarter size hail covered the ground.

#### Cape Girardeau County

Pocahontas	23	1120CST			0	0			Hail (0.75)
------------	----	---------	--	--	---	---	--	--	-------------

#### Perry County

3 S Perryville	23	1406CST			0	0			Hail (0.75)
----------------	----	---------	--	--	---	---	--	--	-------------

Hail accumulated 2 to 3 inches deep along Interstate 55. The hail ranged from pea to marble size.

#### Perry County

5 W Brewer to Brewer	24	1322CST 1325CST			0	2	25K		Thunderstorm Wind (G61)
-------------------------	----	--------------------	--	--	---	---	-----	--	-------------------------

Damaging straight-line winds around 70 MPH affected northwest Perry County, especially the Brewer area. Two injuries occurred when a mobile home was unroofed several miles west of Brewer. Along Interstate 55 near Brewer, two buildings were unroofed. Debris was blown into power lines and onto a car. Numerous trees and power lines were down in Brewer.

#### Carter County

4 W Ellsinore to Ellsinore	24	1340CST			0	0			Hail (0.75)
-------------------------------	----	---------	--	--	---	---	--	--	-------------

#### Bollinger County

Marble Hill	24	1355CST			0	0			Thunderstorm Wind (G70)
-------------	----	---------	--	--	---	---	--	--	-------------------------

Spotters estimated wind gusts to 80 MPH.

#### Butler County

Poplar Bluff	24	1408CST			0	0	2K		Thunderstorm Wind (G50)
--------------	----	---------	--	--	---	---	----	--	-------------------------

There were two trees down and shingle damage to houses.
